All:

The updated document that Chris Villarreal sent out. I made some corrections but the biggest thing is should we be putting a response in form Questions 11, 12, and 13?

Also, I think we need to consider adding some items to this list of things we provide:

1. Fact Sheets (3)
2. TDSHS Information Provided to Community when they did door to door
3. Q&A Prepared for the Texas Organizing Project
4. EPA Reports (4)

Thanks

Gary Moore

The attached file contains my suggested revisions to the Blackburn response. Please let me know if you have any comments on the revision. If not, I will forward the revision to Pam Phillips for her review before meeting with OEJTIA.

I did speak with Israel this morning. He and Auturo are available to meet this afternoon.

Thanks
